

Reading to learn, learning to fly.

Literacy Training and Workshops
*Sharing reading knowledge and
strategies to impact childhood literacy*

About Us

We're a non-profit organization headquartered in West Dallas. Our goal is to equip students for success through the power of reading.

We know that we are not alone in this mission. Many adults want to know more about the Science of Teaching Reading and how to work with the children and students in their own lives.

By sharing knowledge and strategies, we are moving toward the vision of all children having equitable opportunities as readers and leaders.
